## Hospital Neighbourhood News

**November 2018**

### Neighbourhood meetings

If you live or work in or near the hospital you're invited to the next neighbourhood forum. This is an opportunity to get an update on the hospital project and talk to the project team.

**Wednesday, 21 November 2018**

6 pm to 8 pm at St Helier Town Hall

**Wednesday, 12 December 2018**

6pm to 8pm at the Jersey Employment Trust in Kensington Chambers, 46-50 Kensington Street

If you own or run a business near the hospital, please come to our next business forum:

**Tuesday, 4 December 2018**

3pm to 4pm at Kensington Chambers

### Can't make it?

All information from the event will be available at [www.futurehospital.je/neighbours](http://www.futurehospital.je/neighbours).

### Wednesday walkabout

Kelly Langdon, a member of the team, has been visiting businesses around the hospital to gather feedback. The next walkabout will be the afternoon of Wednesday 28 November. Please look out for her if you have any questions.

## Hospital update

At our recent forums, people attending have expressed concern about the lack of certainty around when work will start. We understand it's a concern for people living and working near the hospital. There are no set dates for when you might be asked to sell your property or move your home or workplace.

The project team is waiting for two reports before further planned work can start. We are sorry we can't give you any more news about progress so you can make decisions about your plans. We will keep in touch to let you know what's happening.

## Planning

The report from the inspector who led a public inquiry on the planning application is due soon. He will send his report and recommendations to the Minister for the Environment to make a decision.

## Hospital Policy Review Board report

A report from the Hospital Policy Development Board is due very soon. This board has reviewed the evidence for the decision to build the Future Hospital on the current site. The Chief Minister will receive this to consider.

## States debate

The Chief Minister has stated that the decision to build a hospital on the current site will be looked at again by the States Assembly. This is now likely to be early in the New Year.
